

he said. Senator Schmit has made some observations. Senator DeCamp has made some and you still have a situation where the majority of the Legislature are willing to vote for this piece of nonsense. And Senator Beutler is right, maybe I am manipulating you. Maybe I am saying negative things to make you pass it because I do give talks around the state and it does give me pleasure to point at the stupid things that come out of this Legislature, especially after I have stood up and said that the Legislature is going to do something stupid. Just like sometimes I bait reporters when I see some that I know cannot write accurately. I will state during my presentation that they are going to misquote me. Then they misquote me. And it is so dumb, they put in the article that I said they were going to misquote me and then they misquote me. Then I can come back and get them. So what is being manipulated here today and how is the manipulation occurring and what is the purpose of it? I want to ask Senator Chizek a serious question about his bill. Senator Chizek, what is the evil that this bill is aimed to get at? Is it a civil disorder or just what?

SENATOR CHIZEK: Senator Chambers, I think the bill applies to a number of things. You know, there are those who feel that you wouldn't have a five-year old dead in...

SENATOR CHAMBERS: Could you speak a little closer to your mike?

SENATOR CHIZEK: ...who wouldn't have a five-year old dead in Rulo and another person dead in Rulo. It is directed at some of the four to five camps that the Highway Patrol has identified that exist in the state. It...

SENATOR CHAMBERS: Well, what are they doing that you want to stop? What is the bill designed to stop?

SENATOR CHIZEK: It is designed to stop the paramilitary type training for the furtherance of a civil disorder. For example...

SENATOR CHAMBERS: But you don't care if a disorder occurs? That doesn't bother you if a disorder occurs? You are not interested in trying to stop the disorder?

SENATOR CHIZEK: Well, certainly.
